

Overhead Wires, Utility Poles Slated To Go

Unusually utility company poles and overhead wires will become a thing of the past in Antioch as the result of an ordinance adopted Tuesday by the Village Board.

Under the terms of the ordinance all utility service wires in new subdivisions must be placed underground in accordance with specifications of the State Utility Act. Unanimous action on the ordinance was spurred by plans of three new subdivisions now being developed all of which are placing their

utility service lines underground and eliminating utility poles from the area.

The ordinance also provides that existing telephone and electric company poles will be removed and overhead wires placed underground at a rate of not less than five per cent each year. Poles removed for street widening and other improvements in the Village will not be replaced.

CART LAW ADOPTED

In another ordinance adopted by the board a maximum fine of \$500 was set for the

removal of shopping carts from the store premises or parking lot.

It also becomes a misdemeanor to leave the carts unattended near a public thoroughfare except on the store property.

Under the ordinance police may impound carts found unattended and the owner will be assessed costs for their recovery.

NEW FEES SET

New fees for plumbing installation inspections were set in an amendment to the

building code and changes were made in the deposits for excavating permits.

Under the new plumbing schedule builders must pay a \$5.00 fee for each single family dwelling; \$15.00 for apartments; \$25.00 for commercial buildings; and \$35.00 for industrial buildings.

In addition the building must pay a \$1 fee for each fixture installed in the building.

A deposit of \$50.00 will be required for an excavation permit where no payment is involved and \$200 is required if the excavation breaks through existing pavement.

The deposits will be refunded after the excavation is filled in satisfactorily.

A revised schedule of water and sewer connection fees for the Hillside-Hennings Ave. area were adopted based on front footage.

The Village Board voted to advertise for bids for the painting and maintenance of the main water tower with the bids to be opened at the March 5 meeting.

Mayor Raymond Toft was authorized to study the cost of widening Lake St. five feet for a distance of approximately 400 feet east of Spafford St.

Total Snow This Season: 23.1"

Remarks: January is gone and the first month of 1968 left under almost normal conditions. Antioch's average mean temperature for Jan. is 23°F. We ended up with an average high of 30.2°F. Low of 12.5°F making a mean of 21.4°F. We had 8 days 0°F or below, 23 days 32°F or more. The highest was 48°F on the 29th, and -17°F on the 7th for the lowest. The record high for Jan. is 64°F on the 25th of 1950 (date I didn't have before) and the low is -23°F on the 30th of 1951. We had 13 days of precipitation, 12 of which were snow giving us 1.75 inches of water and 14.6" of snow. Average would have been (Continued on page six)

Davis Re-Appointed To Police Post Chief Of Police

Acting Police Chief Jack Davis moved a step closer to permanent appointment to the post Tuesday night when the Village Board approved his re-appointment until March 5.

Davis, a Sergeant who has been serving as juvenile officer, was appointed acting chief by Mayor Raymond Toft last month after the controversial firing of former Chief Harold Mason.

Lending weight to the re-appointment of Chief Davis was the presentation to him of a Gold Chief's star by Mayor Toft.

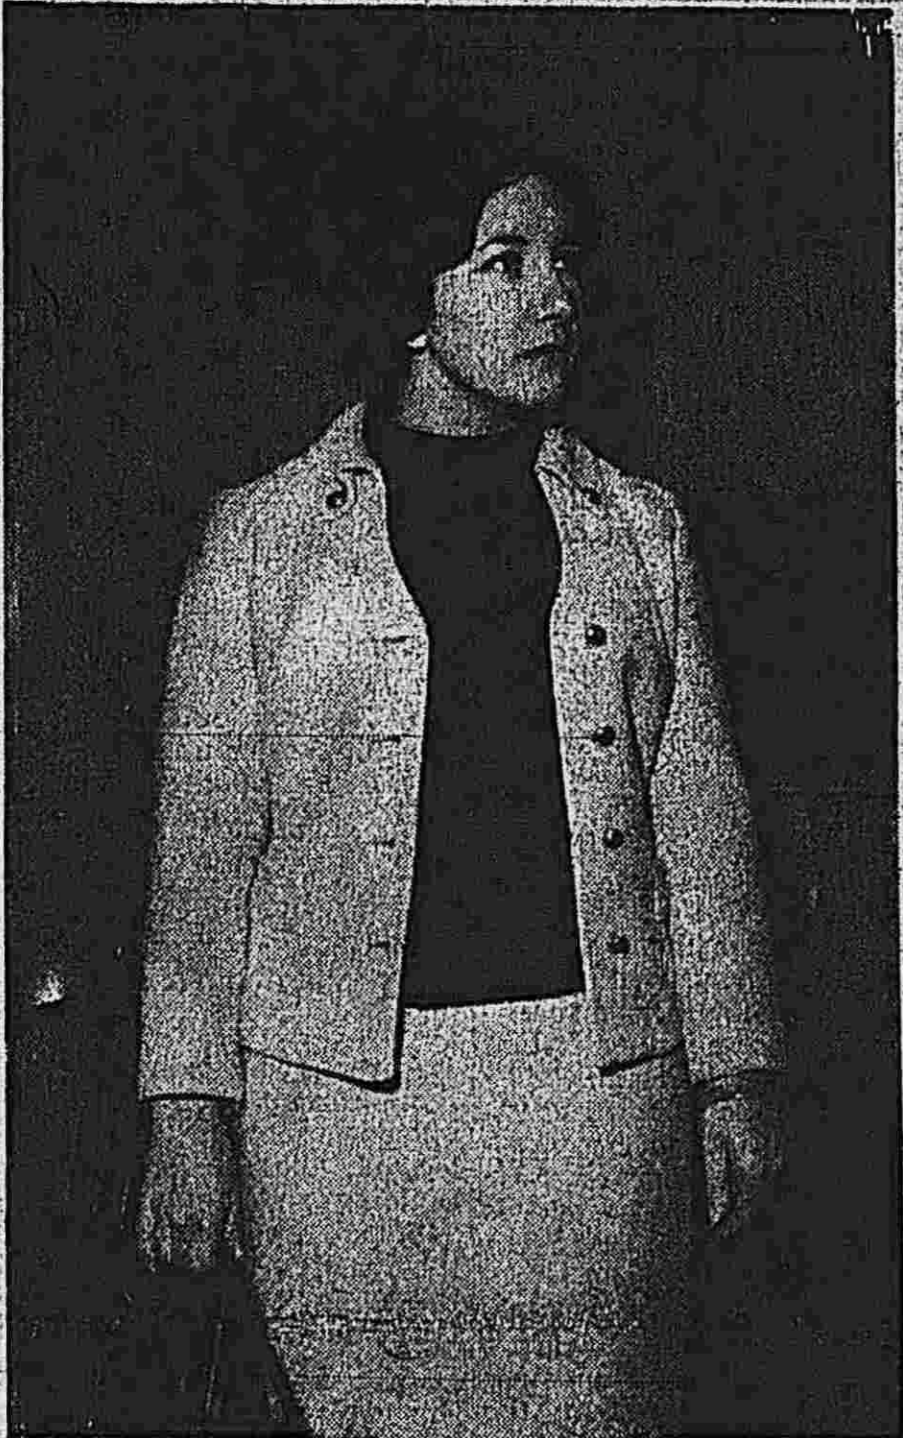

Mason was ousted after he announced that he was planning to quit the department, but reportedly did not inform

the village board of his intentions.

The former chief, a veteran of 23 years in police work and a member of the Antioch Police Department since May, 1963, was appointed to the Chief's position May 4, 1967 and served less than nine months in the post.

He succeeded Jack Heick who resigned because of unsatisfactory salary and benefits.

Mayor Toft has indicated he plans to appoint Davis to the top police job until May 1 when city appointments are normally made and he has indicated the ex-Navy Chief Petty Officer is the leading candidate for the post on a permanent basis.

Miss Hebe G. Lambruschini, visiting teacher at Antioch High from Argentina.

Argentina Teacher Sees First Snowfall

Hebe G. Lambruschini, whose address is Gualagaychu, Argentina, will never forget Antioch. A momentous event in her life happened here Friday. Hebe had never seen an actual snowfall, and Tom Robinson must have used his influence, because Antioch had one of the most beautiful snowfalls we have ever had.

Miss Lambruschini, a vivacious brunette, wearing a lovely bright orange suit, spoke with enthusiasm about her stay in Antioch. She is the guest of Mr. and Mrs. Todd Maplethorpe while in Antioch, and is teaching Spanish at Antioch High school and observing the American teaching techniques while at the school. This is her third visit to the United States. She came here in 1964 for the World's Fair, and was here for three months in 1966 on a scholarship. She came again in September in 1967 and studied for a full semester at the University of Texas at Austin, coming to Antioch in January.

"There is quite a difference between the American schools and ours in Argentina," she said. "You have so many laboratories, tape recorders, record players and types of visual aids, that teaching is much easier." "I like the United States," she added, "especially the congeniality of the teachers and students and the informal way they treat one another. Your buildings are so nice with all the comforts and essentials."

We asked Miss Lambruschini about life in Argentina. "There is no stability in government at the present time and our government officials are not elected by the people. General Ongania took office as president in June of 1967. We do have freedom

of speech and the middle class is the predominant one in our country."

"At first I had great difficulty getting used to the American eating schedules," she added. "Back home we eat an early breakfast, which is a simple one consisting usually of coffee, milk, toast and marmalade. At noon we have our big meal, with all the family eating together. At 5 we have tea, and in the winter we have supper around 8, but in the summer we eat anytime from 9 to 11, usually in the garden."

"Argentina has an income tax—and a teacher in Argentina would likely receive between 35,000 and 40,000 pesos a month. This would be roughly around \$100 in American money. About 13 per cent is spent for rent. There are many cars in Argentina and there is a large car plant at Ika in the province of Cordoba."

We asked the pretty prunette teacher about her thoughts on the American involvement in South Viet Nam. "You are doing far too much in Viet Nam for an idea, rather than a country. Argentina has never been in a war and what the United States is doing in their gift of men and money to Viet Nam is far too much."

Miss Lambruschini witnessed the Antioch High School Talent Show and loved it. She especially enjoyed the fine dancing number given by Pam Guard.

When this attractive South American teacher leaves Antioch, she will feel that though the climate is probably a bit cold—the hearts of the people are very warm and she will have many memories of Antioch, Illinois, and of course her first snowfall.

Village Takes Delivery On New Pumper

A new 1,000 gallon per minute pump was added to the roster of fire-fighting equipment of the Antioch Fire Department Tuesday when the village took delivery on a new fire truck.

The International chassis was purchased from Olson Implement Co. at a cost of \$8,900 and special equipment provided by Peter Pirsch Co. of Kenosha, Wis., brought the total cost to \$23,000.

The new equipment designated No. 9, will replace old reliable Pumper No. 1, which has been honorably retired, but will be held in reserve, according to Fire Chief Todd Maplethorpe.

The village took delivery on the new pumper Tuesday and by 8 p.m. the fire department had completed the transfer of hose and other portable equipment and had placed the truck in full service.

Deadline For New Licenses Is Feb. 15

The deadline for obtaining 1968 license plates is midnight Thursday, February 15. This means having the plates mounted on the vehicle, not merely applied for or carrying them inside the car, Secretary of State Paul Powell warned car owners.

Powell expressed gratification at the fact that the approximate 3,000,000 plates already delivered to motorists represents an increase of 300,000 over the total at the same time a year ago, but he pointed out that with the total registration expected to be well in excess of 5,000,000 there are still many motorists who do not yet have their plates.

At the present time, Secretary Powell said, no assurance can be given that plates applied for by mail will reach car owners in time for the deadline. Applications are being processed faster than in previous years, but the fact that the license plate package is classified as third class mail may result in a two or three week interval between receipt of the application and arrival of the plates at their destination, he said.

Larry Dean Leaves For Basic Training

Larry Dean, a Junior at Antioch Community High School has volunteered for a 3 year enlistment in the army. He will be enrolled for basic training at Ft. Leonard Wood, Mo., after which he will attend Electronics school. Larry left Antioch Tuesday morning.

A farewell party was held for Larry Saturday night at the Dean home and some 60 friends and relatives came to say goodbye.

Larry is the son of Mr. and Mrs. Lloyd Dean of Rt. 1 and a brother of Kenneth who is a sophomore at Antioch High School, Debbie, a 5th grader at Grass Lake School and pre-schooler Robert.

Hi Club Plans Dance Feb. 11

A "Hi Club", open to all High School students started Monday, Jan. 29 at St. Peter's Social Center.

On Monday, Feb. 5, 100 teens attended a meeting to plan a Valentine Dance which will take place on Sunday, Feb. 11 at St. Peter's Social Center from 7:30 to 10:30 p.m. The dance is open to all students.

Bonnie Davis is president of the group and further information may be obtained by phoning 395-1175.

The next meeting of the group will be on Monday evening, Feb. 19. Future meetings will be on alternate Mondays.

New Truck For Fire Dept.

Antioch's Fire Department is sporting a brand new shiny red fire truck which arrived at the station on Tuesday, Feb. 6.

The new \$17,000 fire truck will replace the 1932 model which has currently been in use. The new truck has a Peter Pirsch body on an International chassis and has a pumper capable of 1000 gallons a minute. It holds 500 gallons of water.

The truck is built to the specifications of the National Department of Fire Underwriters, and will enable Antioch Fire Dept. to maintain the Class 6 insurance rating they now have.

Don Walsh New President of Glass

Don Walsh, son of Mr. and Mrs. Frank Walsh, Rt. 1, Box 615, Antioch has been elected president of the junior class at Dominican College, Racine, Wis.

Don has also been named chairman of "Project Convention '68", a mock Democratic and Republican nominating convention which will be held at the college on March 28 and 29.

Designed to be duplicates of the coming political conventions, the delegations of each will consist of 141 members with 71 votes needed to name.

Don said, "Racine area citizens are welcome to attend the convention and there will be room for about 1500 spectators in the recreational areas of the men's and women's residence halls."

Walsh is a 1965 graduate of Antioch Community High School and a brother of Frank Walsh, Jr. He is a history major at the liberal arts college.

Antioch Thrift Shop A Shopper's Delight

The Antioch Auxiliary of the Lake Co. Mental Health Association operates the Thrift Shop in the old 1st National Bank building at the corner of Main and Lake in Antioch.

The Atioch News staff spent time in there recently and were amazed at the wide range of products handled by the shop. We found hand made crocheted gloves at \$2 per pair; a beautiful hand braided and hand sewn all

wool rug at \$25; African violet plants, and a bottle collection. There were record albums, bird cages (only 50c each); dress patterns, electrical appliances, dishes, books, zippers, draperies, jewelry; formal in the French room; men's and boys' clothing, etc.

The thrift shop is open Thursday, Friday and Saturday from 10 to 5 p.m. About 12 women of the Auxiliary

take turns at manning the shop. Their time is donated and all items that are sold are donated.

Mrs. Martha Zuck, an artist, has painted pictures and has them on display at the Antioch Savings & Loan. She receives \$10 per month for her display and donates the money to the Mental Health Auxiliary.

Mrs. Clarence Spiering, civic chairman, said that the

Auxiliary came about due to the enthusiasm of enough women of the Antioch Woman's Club. Interest was expressed and the Auxiliary was started. It has been in operation since May 18, 1967, and doing a tremendous job for Mental Health.

If you have any treasures in your attic—contact the thrift shop—they even have a pick-up service. Call Mrs. Vos, chairman, 395-0305.

Frank Rhode Jr. Named Antioch Heart Fund Ch.

Frank Rhode, Jr., local attorney, will serve as Chairman of the 1968 Heart Fund campaign in Antioch township, it was announced today by Edward R. Holmberg, Chairman of the Lake County Heart Fund Committee.

The campaign will be conducted throughout February and will have a goal in Antioch township of \$1,300. Lake county's goal this year is \$60,000. Diseases of the heart and blood vessels were responsible for 1266 of the 2,310 deaths in Lake County during 1966 the latest statistics available, it was disclosed by Mr. Holmberg. This was 54.8 per

cent of the total of all deaths, he said, and compares with a current national toll of 54 per cent attributed to these diseases.

"Nationally," said Holmberg, "the overall economic cost of heart disease has been placed at \$4 billion yearly, or about \$21 per person. If that average can be properly applied to our own county population of 293,565 it follows that the economic cost of heart disease in this country is somewhere in the neighborhood of \$1,668."

Holmberg said an important way through which the individual can act to reduce the toll of death, disability, suffering and economic cost, is by contributing to your Heart Association for its programs of research, education and community service.

The Heart Fund Campaign will reach its high point during the 29 day period which began February 1. During (Continued on page six)

Inmate Sets Fire To Jail Mattress

There was a hot time in the Antioch jail Monday morning when Larry Harvey, 24, who had been arrested and jailed for disorderly conduct, set fire to the mattress in his jail cell.

Harvey was arrested on a complaint signed by his wife.

There was a lot of smoke and damage was estimated at around \$175 to the jail room in the Antioch Police Department.

Bob Rampp Phones From South Viet Nam

Carol Silianoff received a call at 3 a.m. Tuesday from Bob Rampp from Ten Shia (outside of Da Nang) in Viet Nam. The call came through via short wave. Bob assured Carol that he was fine and everything going along all right. He said that he would try to set up a call via short wave to his mother later on.

The Antioch Rescue Squad made three trips to Victory Memorial Hospital recently. They answered calls for Wayne Lyons, and S. DeFalco, Antioch, and Leona Schreurs of Grass Lake.

Lemmer To Head Gun Registration

Don W. Lemmer of Havana has been named assistant superintendent of the Firearm Owners' Identification Division in the Department of Public Safety, Director Ross V. Randolph has announced.

Lemmer's duties will be concerned principally with the records to be accumulated by the division in registering firearm owners in Illinois, expected to number about 3,500,000.

Manley D. Hawks, a 20-year FBI career man, was named superintendent of the division on January 8.

Well Done, Antioch

A community's image is made up of many things and yet sometimes one contributing factor can overshadow all others in the eyes of "outsiders" and the community is tagged with a reputation.

Not too many years ago Antioch's image was not too inspiring for businessmen and young people in the community who wanted to be proud of their home town.

Located at the gateway to the Chain O' Lakes and close to the many resorts which attracted summer and weekend visitors, Antioch had a reputation as a "wide-open" town where gambling flourished and there was plenty of action to be found.

No matter that the image was over-blown and exaggerated, no matter that many in the community tried to erase the reputation. There were a good many more who saw in the image a lure for business and did their best to blow up the picture of the community as a "Swinging Town".

Changing conditions gradually dimmed the image, but not until "Project Viet Nam" got rolling in high gear was the old image completely replaced by a new reputation.

Today when outsiders think of Antioch they are more apt to hail it as the "City that backs our boys."

"Project Viet Nam" is a year old now and for thousands of young Americans who cannot even locate our community on the map, Antioch is a "second home."

Servicemen from all over America who are marching and fighting shoulder to shoulder with soldiers, Marines, Airmen, and sailors from this area have shared with their buddies the gifts that have gone out from Antioch and their gratitude is reflected in letters people in this community have received.

We can be proud of our new image because it is one which was started on a small scale and grew to heroic proportions because it was a heartfelt expression of the gratitude we felt towards the young men who are fighting a miserable war.

Project Viet Nam is a community project, but one man has been the spirit and the driving force behind it. He is Postmaster Joe Wolf, an outstanding citizen who has earned the thanks of his neighbors and the plaudits of all who are aware of the overseas program.

Joe didn't even give birth to the idea; to Harry Brehen goes the credit for this, but Postmaster Wolf provided the encouragement, push, and drive that has made it a success.

State Representative John Matijevich summed it up admirably in a recent letter:

"Anyone can argue the merits pro and con for being involved in the international crisis, but none can argue against the propriety of giving one hundred percent support to our boys overseas."

The community of Antioch has been an example for other cities and villages throughout the country. If such pride and enthusiasm were displayed by other communities the morale of our brave and courageous fighting men in Viet Nam would be given a tremendous lift."

We couldn't agree any more. And to Joe Wolf, Harry Brehen, and to all the organizations and individuals in Antioch who have worked to make the program a success we say "Thank you, Mr. and Mrs. Antioch for a job well done."

Courthouse Notebook

By Lou Durkin

The Lake County Board of Supervisors will meet Tuesday and among the items on the agenda will be the selection of a new Executive Director of the Lake County Safety Commission.

The supervisors will make their selection from a list of three candidates, a list which has been narrowed down from an original list of more than a dozen applicants by the Safety Commission.

The post pays \$7,200 a year from county funds, but it is expected to pay up to \$8,000 a year if the right man is found for the job.

It has been reported that six of those who applied withdrew their applications after the pay level was revealed and the Safety Commissioners rather unrealistically insisted that the Director could have no other income producing activities.

Theoretically the county board members will be making their selection strictly on the basis of merit and qualification with not even a nod of the head in the direction of politics, but this could happen only in a dream world.

Of the candidates probably the best qualified by experience would be former Coroner Robert (Mickey) Babcox, of Grayslake, but other factors could militate against his getting the nod.

During his 12 years as Coroner Babcox saw at first hand the nerve-shaking results of highway and industrial carelessness and he has delivered hundreds of lectures on highway, home, and plant safety.

Incidentally, a leak from the Safety Commission giving the identity of one of the candidates who hastily withdrew his name after the salary was revealed, caused the applicant considerable embarrassment with his present employers.

It was particularly unfortunate because he had been assured there would be no publicity given his application.

Leaks usually develop when a member of a public body has some reason to endear himself with the press, but he usually insists that the reporter does not divulge his identity.

It couldn't be, of course, but Robert Post, the new Executive Director of the Lake County Crime Commission, sounded almost as though he were a candidate for Clerk of the Circuit Court in his most recent "Report to the People."

The report went to some lengths to generalize about

some errors and shortcomings in the sprawling department presided over by Stephanie Pucin Sulthin and closed with the suggestion that there might be a better candidate for the post which is up in the coming election.

It is not inconceivable that Post will offer himself as a "drafted" candidate if some other volunteer does not step forward.

Mrs. Sulthin would be a formidable opponent in a Republican primary and even more so in the general election, but then Post managed to get considerable personal publicity as well as publicity for the County Safety Commission before he moved over to his present position.

Former Gov. William G. Stratton made his first Lake County appearance, since announcing his candidacy for the GOP nomination for Governor when he returned to his Ileside birthplace Wednesday.

His appearance as guest speaker before the Lake County Federation of Women's Clubs was billed as "non-political," but whenever a candidate appears at a public gathering it is reasonable to suppose he is going to make as many "brownie" points as possible.

And Stratton, appearing in familiar grounds, (He cut his political teeth at gatherings at the venerable Ingleside Town Hall) made the most of his opportunity.

Bristol Band Delights Kids

By Doc Kane

Over 300 children of the Wisconsin Southern Colony Home for mentally retarded children at Union Grove danced and were entertained at a show put on by the Bristol Farmer's Band Monday, Jan. 29.

The Band was in perfect form with marches, swing music and polkas, dominating the evening's entertainment. The kids danced, clapped hands, marched and played musical spoons with the fast tempo the band put forth.

The Bristol Band has been putting on these shows for at least 15 years at the state home, and undoubtedly the band members enjoy these sessions as much as the audience does.

The band's next dance date and show will be at Southern Colony Home on Feb. 26 at 7:00 p.m.

Free Training Courses Offered By Civil Defense

Lake County Civil Defense is again offering free training courses in radiological monitoring, shelter management, and medical self-help to any and all interested citizens.

It is essential that schools, hospitals and business establishments that have been surveyed by the Federal Government, marked and stocked with shelter supplies, and radiological equipment, take steps to have some of their personnel trained in the above courses in order to assure discipline, good management and efficient utilization of equipment and supplies if and when these shelter areas would have to be used in an emergency.

Lake County Civil Defense is at your service to make the training of your personnel possible. Over 100,000 shelter spaces have already

been designated for Lake County with the possibility of increasing this number by thousands more.

Efficient management of these shelters is the responsibility of the building owners, hospital directors and school superintendent where shelters have been stocked. Training of personnel for management of the shelter is the responsibility of Civil Defense. Specially trained instructors are available and will do their utmost to arrange for these courses in a location nearest your community or locale for your convenience.

Please contact Lake County Civil Defense, P. O. Box 356, Lake Zurich, Ill. 60047 or phone 438-8060 if you have any members of your staff or organization who wish to take any of the above courses.

Ill. Rules On Immunization Of Children

Rules and Regulations for immunizing school children have been sent to County Superintendents and local school administrators by Dr. Franklin D. Yoder, Director of Public Health and Rhy. Page, Superintendent of Public Instruction.

All children upon being admitted into kindergarten or first grade, must present evidence of immunity against Diphtheria, Poliomylitis, Tetanus, Smallpox, Measles, and pertussis.

Before entering fifth and ninth grades, the child should receive a revaccination with smallpox vaccine. Before entering ninth grade, the child should have received a booster immunization with diphtheria-tetanus.

If a child's physical condition is such that his physician feels that one or more of the immunizing agents is not indicated, then that agent will not be required.

Children whose parents object to their immunization on constitutional grounds are not required to receive the immunization. In such instances, a written statement of the constitutional objection should be obtained from an official of their religious order.

Call Sheriff About Abandoned Cars

Joseph Cannon, Director of the Building and Zoning Department of Lake County has requested the assistance of the citizens in helping locate property where abandoned junk automobiles are parked.

The problem of the presence of junk and abandoned autos in the unincorporated areas as a growing concern to all and a joint meeting of the Judiciary Committee and the Zoning and Planning Committee of the Lake County Board of Supervisors was held recently to discuss this problem. Sheriff Harold Scheskie and Joseph Cannon were directed to cooperate in establishing a program of administration and enforcement.

Anyone who is in possession of an abandoned auto or upon whose property one is located, should contact the Building and Zoning Office, 244-6600, Extension 271; or the Sheriff's Office, 244-6600, Extension 256, at the Court House in Waukegan.

New Grass Lake School Student Council: Bruce Warswick, advisor, front; Kerry Shute, Sherry Busscher, Mlea Church, Bill Beese, Rear, Patti Morgan, Brian Zale, Linda Kanka and Karen Yopp.

New Student Council At Grass Lake School

The Grass Lake School this year under the direction of Mr. Bruce Warswick has formed a student council with representatives from the 5th, 6th, 7th, and 8th grades. Representing the 5th grade is Sherry Busscher. The 6th grade has two representatives; they are William Beese and Mlea Church. The 7th grade also

has two representatives. They are Patti Morgan and Kerry Shute. Kerry is also the secretary-treasurer of the council. Representing the 8th grade are Linda Kanka, Brian Zale and Karen Yopp. Karen is also the president of the council.

The purpose of the council is to allow the children the

opportunity to get involved in parliamentary procedure, to help form student programs and policies, and to enforce rules and regulations among their own grade.

The new student council will give council members a chance to take on a little more responsibility in school and get suggestions and recommendations from the rest of the students as to improvement of the school. This information will be given to Mr. John Schockmel, Superintendent.

Kathi Guski To Try For Scholarship Awards

Because she ranked first in a written homemaking knowledge and attitude test given senior girls in Antioch Community High School here December 5, Kathi R. Guski became 1968 Betty Crocker Homemaker of Tomorrow for her school. It has been announced. Registered for the test, now in its 14th year, were 603,798 girls in 15,079 of the nation's high schools, a new record for the program sponsored by General Mills.

Kathi remains in contention for state and national scholarship awards ranging from \$500 to \$5,000 and will be awarded a specially designed silver charm to mark her local achievement.

A state Homemaker of

Kathi Guski

Tomorrow will be selected from winners in high schools of the state in the program's next step. She will be awarded a \$1,500 scholarship with a \$500 award going to the runner-up. The school of the winner will be given a set of Encyclopaedia Britannica, by Encyclopaedia Britannica, Inc.

Following her selection, the State Homemaker of Tomorrow

row, along with a school adviser, will join winners and advisers from each of the 49 other states and the District of Columbia in an expense-paid educational tour of Washington, D. C., Colonial Williamsburg, Va., and Minneapolis, where the trip will climax with naming the 1968 Betty Crocker All-American Homemaker of Tomorrow.

Chosen from the state winners on the basis of her original test score; plus personal observation and interviews during the tour, the winner will receive a scholarship increased to \$5,000. Grants of second, third, and fourth ranking girls in the national will be raised to \$4,000, \$3,000 and \$2,000, respectively.

All judging is conducted by Science Research Associates, Chicago. The educational testing and publishing firm also constructs and grades the written test.

Started during the 1954-55 school year, the Betty Crocker Search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. Almost 6 million girls have participated in the program since it began, and, with 1968 awards added, scholarship grants will approach \$1.5 million.

Hoogasian In Running For States Attorney

First Assistant State's Attorney Jack Hoogasian, 42, has announced that he is seeking the Republican nomination for Lake County State's Attorney in the June 11 Primary Election.

Hoogasian of 462 Glendinning Avenue, Waukegan, is a native of Lake County and a member of the State's Attorney's staff for the past nine years.

He is married to the former Claudia Aho and is the father of one daughter, Sara, one-year-old.

Hoogasian was educated in Waukegan public schools and in July, 1943 entered the Army Air Force where he spent 34 months, being discharged in March, 1946.

He worked his way through University of Illinois after World War II and received his Bachelor of Science degree in economics. He then worked his way through John Marshall Law School, receiving his Law Degree and joined the State's Attorney's staff January 1, 1959.

During his nine years in the office, he has been the chief trial lawyer in the felony division.

Hoogasian is a member of the American Bar Association, the Illinois State Bar Association, the Lake County Bar Association and is licensed to practice before the United States Supreme Court, the United States Military Court of Appeals, the Illinois Supreme Court, the Interstate Commerce Commission and the United States District Court.

A member of the Waukegan Elks' Club and Christ Episcopal Church, Hoogasian is an associate member of the National District Attorneys' Association and has served on that organization's Board of Directors for the past eight years.

He was a Republican Precinct Committeeman for six years and former president of the Waukegan Township Organization.

Hoogasian, who was on the Lake County Bar Association Committee which drew the new rules for the Nineteenth Judicial Circuit Court, said that the main purpose in seeking the job of State's At-

Jack Hoogasian

torney is to serve the people. "Our function," he said, is not only to get convictions where crimes have been committed, but to also protect those who are innocent from wrong doing.

"I feel that I can bring to the State's Attorney's Office a forthright administration dedicated to the service of all of the people of Lake County. There are several features that I would institute in the office during my administration which I will detail as the campaign goes along.

"However, I can promise an honest effort in that office when I am elected."

April 1 Deadline For Doctor Insurance

A number of older people in Lake and McHenry Counties received letters last week reminding them that they have only until April 1st to sign up for the voluntary doctor bill insurance under Medicare, Bernard Barnett has announced.

Nine out of ten of those over 65 in this area are already signed up for the supplementary doctor bill insurance, Barnett said, and they do not need to take any action.

Robert M. Badd, Commissioner of Social Security, is sending letters to those who are signed up for only the hospital insurance. His letter tells them that they have about 2½ months more in which to enroll in the supplementary program that covers doctor bills and a wide variety of other medical expenses in and out of the hospital. Since the doctor bill part of the Medicare program started 18 months ago, it has paid over 28 million medical bills, totaling almost \$1.3 billion.

Practically everyone over 65 is eligible for the voluntary doctor bill insurance under Medicare, Barnett pointed out, whether or not they have ever worked under social security, and whether retired or still working.

Almost 1.6 million people missed out on their first chance to enroll. The Social Security Administration has addresses for 1.1 million of them and these are the persons who will be receiving the letter.

For further information regarding this sign-up Barnett urges those who have not been in touch with the Waukegan office to do so before April 1. The office is located at 2500 West Grand Avenue, Waukegan, Illinois. The office hours are from 8:45 a.m. to 4:45 p.m. Monday through Friday; and on Monday nights they are open until 8:00 p.m. Telephone 244-5050.

Things look bright for this year: electric heat rates went down again January 4th.

Nice sense of direction.

You might say we're going your way. And we've been going your way for the past ten years. In fact, this is the tenth time in ten years that the price of electric heat has been reduced.

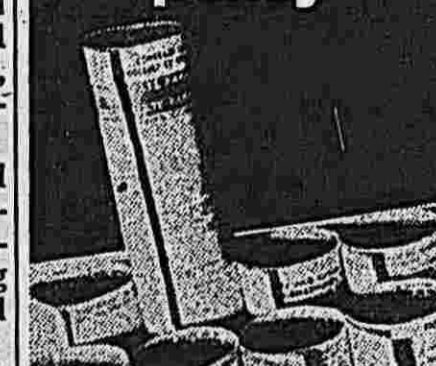

What it means is that modern electric heat costs less than ever before. And clean electric heat saves you money in other ways, too. You don't have to clean or decorate as often.

All in all, conditions seem highly favorable for you to move in the direction of electric heat in the year ahead. Besides, that's the only way to go if you want a heating system that will still be modern 20 years from now.

IT'S NATIONAL BEAUTY SALON WEEK

FEBRUARY 11-17

New Spring Hair Styles Feature Ruffled Curls

By Constance Charm

The Ruffled Curl Look is the new look in hair styles for spring, according to the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association. This new look features all of the tender quality of softly ruffled hair, combined with fun-loving curls.

Furthermore, the new look is highly romantic, a term that had not been used in the fashion vocabulary for many a year until hair brought it to the forefront. Now, this romantic hair fashion is pulling the various clothing looks in the fashion world together, be they cool, chic, or pretty girls.

This means that regardless of what look you select for your Spring wardrobe, or even if you use several that overlap for a variety of effects, you'll be pretty and fashion-right with a Ruffled Curl hair style.

The new Spring styles will be shown throughout the nation in observance of National Beauty Salon Week, Feb. 11-17. The hair fashion authorities promise that the new styles will really give you a lift and a happy-go-

lively feeling.

No two of the Ruffled Curl hair styles are alike in design detail—they are all so light and easy; they have to be done just for you. However, all styles have the form of either a vertical or horizontal oval when viewed from the front.

Some of the styles flow with the rhythmic and dreamy grace of a soft and lulling melody. Some have the slow curve and caress of a femme fatale. Others ripple, ripple, and flutter, seemingly uncontrolled and casual, but really calculated and careful. All are deliciously feminine.

All coiffures also have an extra touch of Spring—a fascinatingly zany bouquet of farfelutin ringlet curls strikingly placed: either low at each side of the nape, behind each ear, over the ears, or in front of the ears. These fun-loving curls can be pinons, or your own hair. However, in every case they must be see-throughs, light and airy for a season of light and air.

All Ruffled Curl hair styles also feature a small and dainty head. Hair in the crown has but a slight rise which extends to the

middle of the back of the head, and then tapers in toward the nape following the natural contour of the head.

Hair partings, reminiscent of the Twenties and Thirties, make a big play. But, their use depends upon the particular design of your style, which, again, has to be determined by your needs.

By the same token, the uncovered forehead gains more popularity for Spring, and is expected to carry through heavily into Summer. However, light bangs or ruffles that tickle the face are used whenever required by facial proportions and hairlines.

The foundation of the new Spring hair styles is the Ruffle Cut, which must be adapted to each individual face and head shape, so that the resulting hair style projects a vertical or horizontal oval form. Practically speaking, hair lengths will be comparatively short. If you want long hair, buy it.

A professionally prescribed permanent wave, one that is just a shadow of a permanent, is required to give your hair that soft ruffle and easy care. Important, too, are some good hair conditioning treatments to erase any trace of winter drabness from

your hair, and give it that young and romantic look.

New hair colors for Spring call for ice cream tones in the blonde spectrum, rich creamy shades shadowed with delicate touches of milk chocolate to accept the ruffles. Candy pinks will be used to make the palest shades blush. Redheads and brunettes will make their biggest play in many a year, but will carry along in a natural theme.

In make-up, an important look will recall the Thirties; a look with big smudgy eyes and prominent bright lips. Eyes will be smudged with either dark brown or smoky black shadow. Lips will have equal intensity with the eyes. The mouth must be bright, of pink or cherry in hue but translucent color. Cheeks, chin and forehead will require a warm blush of rouge.

Yum Yum Coiffure

A new Ruffled Curl Hair Fashion for Spring, 1968

A highly romantic look of oriental elegance gets a delightfully flirtatious touch from the fun-loving curls placed behind the ears in this Yum Yum Coiffure for Spring.

It is one of the new Ruffled Curl hair styles designed by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association. It will be shown throughout the country during National Beauty Salon Week, February 11-17.

To accent the beautiful hairline, hair has been directed off the face into a softly

Yum Yum Coiffure

draped wave on the right side of the head. To give lightness within the classic form, ends of the hair in the top crown area are left free to move out of the wave motion. To add easy care, hair has been given a Ruffle Cut and a soft professional permanent wave.

The new styles will be shown throughout the country during National Beauty Salon Week, Feb. 11-17.

This is a cool chick look, taken into a world of fun with the farfelutin curls at the nape. They can be pinned on, or your own.

Base for the style is a Ruffle cut, plus a shadow of a permanent wave prescribed just for you to give your hair rich softness and easy care.

Flo's Beauty Shop

All paths lead to Flo's for hair-do's that are new and different. Flo's Beauty Shop is at Route 59 and Grass Lake Road.

Flo Heiselmann is the owner and working with her are Kathy, Joy, Helen and Sherrill.

The entire staff attended classes recently under Vidal Sassoon, the leading hair stylist in the country, where they learned the newest and latest techniques.

Sassoon's new cut is the Goddess. It is very short and curly and Flo and her staff are prepared to offer it to their customers.

"Wigs," falls, and hair pieces are definitely in," Flo added, "and the latest hair pieces are the long ringlets called 'Dancing Curls'." A large majority of the women today are using hair pieces.

"We feature a color machine that cuts the time on bleaches and tints. We are also getting a lot of calls for the false eye lashes. They seem to be the big thing in eye make-up along with eye lighters. Eye lighters are decorated-eye liners which sparkle."

Flo continued—"Don't forget that these do-it-yourself permanent, and dye jobs can cost you more money in the long run. So you're better off to come to us in the first place and have the job done right."

Flo told us about a good suggestion for keeping your pretty hair-do intact! "Use a silk pillow case on your pillow case at night."

Flo has been a beauty shop operator for nine years—the last four years in her own shop, and she's been very successful!

Clare's Beauty Salon

Clare's Beauty Salon at 400 1/2 Lake St., Antioch, is owned by Clara Merryman.

Clara has two able assistants, Gail and Sue, and they offer all the beauty aids in addition to hair dressing—manicures, facials, eyebrow arching, pedicures, permanents, wigs, wiglets, hair falls, etc. The new look is the ruffled look—soft ruffled: hair combined with curls.

"I have wigs, wiglets, and hairfalls for the woman who wants a change," said Clara. "I fashion the wigs right on

the head to give the correct cut."

"Scalp treatments are a great help in keeping your hair and scalp in condition," she added. "I use a scientific protein formula for scalp treatments."

Clara has been at the Lake St. location since Aug. 24, 1965 and has been in the Antioch area for seven years.

Clare's Beauty Salon is open daily except Monday. If you want a "new look" or an improved look—make an appointment with Clare!

Jacque's & Georgia's

Jacque's and Georgia's Beauty Shop is the largest shop in the Antioch area. It is at the corner of Rtes. 59 and 173. Georgia Adams and Jacque Casella are partners in the shop. Their helpers include Nancy 1 (Nancy Babe) and Nancy 2 (Nancy Banter), June Staffon and Metle Schram.

We asked Jacque many questions about hair-do's, make-up, etc.

"The subdued and softer colors are more popular at the present time for hair coloring than the real light or silver blondes," she said. "We are working a lot with wigs, wiglets, bangs, strips, falls, cascades and long curly locks at the shop. Contrasting shades in wiglets are very big. I wear a black wig with silver in front and

it is very good looking."

She continued, "The ruffled look is in, but it doesn't look good on everyone. People are individuals and most of them do not follow hair fashions just because they are the style. They select hair styles that are most becoming to them."

"The big news in make-up are the eye lashes and the eye lighters. We have them in midnight black, a black strip with spaced rhinestones and silver with blue sapphires. They are so easy to put on," she said "and look lovely for evening wear."

We went to Rush St. Saturday night and I was dressed all in silver and wore silver eye lighters. They proved to be real traffic stoppers. They are not gaudy, but do attract

attention. They should never be worn during the day. Wearing them in the evening makes your eyes twinkle."

Jacque continued: "The popular shades in lipstick are the translucent ones. Makeup commonly used is the liquid type and for evening wear, women are topping the liquid makeup with an iridescent powder, which gives the complexion a sheen. For daytime, there is the matte finish which is applied the same way. It doesn't give a sheen, but gives a finished make-up look."

Jacque is leaving shortly for a three weeks vacation in Hawaii, where she will visit her son, Vincent Casella and wife. He is stationed at Camp Wainae with the Army Recreational Center. Jacque promised she would come back with a hibiscus between her teeth! Happy Landings, Jacque!

Engagement Announced

The engagement of Randy Lynne Gordon of Eau Gallie, Florida to Clifford Karl Bieberstein of Satellite Beach, Florida, is announced by her parents, Mr. and Mrs. Eldon K. Gordon, former residents of Antioch.

The bride-elect was graduated from Antioch Community High School in 1965 and attended Dawson's Beauty Academy, Cocoa, Florida. She is employed by Glenn's Coiffures, Merritt Island, Florida.

Mr. Bieberstein is the son of Clifford M. Bieberstein and the late Emma Bieberstein of Satellite Beach, Florida. He was graduated from Crafton High School, Crafton, Pennsylvania, and the Lawrence Institute of Technology, Detroit, Michigan. He is a self employed contractor.

The couple will be married April 6 at St. Paul's Methodist Church of Eau Gallie, Florida.

Sequoit Suzies Busy 4-H's

4-H Club members of Sequoit Suzies collected clothing recently for the Misericordia Home. The clothing was delivered to the home by Mrs. Hevredjz and the committee.

The Sisters of Charity at the home were very grateful for the clothing drive, because these children, aged 1 to 8 are mostly mongoloid and need constant changes.

103 bibs were delivered. They use 350 per day. One of the ladies from St. Peter's Altar and Rosary Society donated dresses and bibs which she made personally for the children.

The Suzies will meet at the Fire House Thursday and will make a tour of the building and receive First Aid instructions from Fireman Dan Dugenske.

At Christmas, the girls baked cookies for the Waukegan migrant workers baskets. This was their eighth year at cookie baking.

The seventh and eighth grade Suzies are helping at the Antioch Mental Health Thrift Shop on Saturdays.

The Suzies started out with eight girls and now have nearly 60 in their membership.

Local Stars Visit Springfield Group

Saturday evening, Feb. 3, the Associate Matron and Associate Patron of Antioch Chapter No. 428 Order of the Eastern Star, Marilyn Lorentz and Lawrence Gilo attended the first Advance Night of the year in Abraham Lincoln Chapter No. 959, in Springfield. They were accompanied by Herbert Pauli, past patron of Antioch Chapter.

Tuesday evening, Feb. 6, Dorothy Kaheri, worthy matron, served as conductress in Sorosis Chapter, Grayslake, on Matrons and Patrons Night.

Thursday (tonight) there will be a regular meeting with balloting scheduled. Easter Chapter of North Chicago has scheduled a Friend's Night for Valentine's evening and Herbert and Carrie Pauli will fill the stations of Chaplain and Marshal that evening.

His citation read in part: "Through your extra hours of work and study you have placed your records in a near perfect status."

"Although there has been a complete change in requisitioning procedures recently, and many hours of study were required to properly perform the task, you have, on your own initiative, accomplished this. Your work was recently amplified by the Field Supply Analysis Team who commented on the exceptional accurate and precise manner your records were presented."

Corporal Holm entered the service in April 1968.

Showers For Wojnowiaks

Bill and Lou Belz threw two shower parties last Saturday for Mike and Elaine Wojnowiak. The Wojnowiaks are celebrating their 25th wedding anniversary this Saturday, Feb. 10.

The "bachelor party" was for the fellows only and the guests included Paul Morrison, Bob Hart, Lee Reeder, Lloyd Dean, Gary Vaughn and the 25 year celebrant Mike Wojnowiak.

Lou Belz presided over the shower for Elaine at the Belz home with the better halves of the bachelor party fellows in attendance, plus Marilyn Layton and Audrey Allen.

The couple were gifted with "his" and "hers" night caps, books on cooking, housekeeping and marriage; and Gwen Morrison created a lovely hand made gown which the guests autographed with clever sayings.

The men joined the girls for refreshments at the Belz home, and as usual, Lou put on a spread that was second to none.

PM & L Plans Theatre Party

Palette, Masque & Lyre is sponsoring a theatre party on Saturday Feb. 17. Members and non-members are invited to see "A Streetcar Named Desire" at the Milwaukee Repertory Theatre.

If sufficient interest is shown, a bus will be chartered for the trip. Interested theatre-goers may contact Garnet Odds for reservations.

The Executive Board of PM&L hopes that a large number of people will travel to Milwaukee to see the famous drama by Tennessee Williams.

Sequoit Warriors Learn To Cook

Judy Hevredjz of the Sequoit Suzies 4-H Club started a 4-H Boys Club. They have had projects in cooking and fishing so far. The boys are from 8 to 12 years of age.

Mrs. Harmon gave a wonderful talk on First Aid and the boys demonstrated their cooking abilities and brought Funny Cake for judging. They are working on their fishing project, learning how to clean fish and how to bait hooks and how to identify different fish.

Plans for the future include a tour of a fish hatchery.

The Sequoit Warriors have 9 members in their group at the present time.

P.M.&L. Offers Art Exhibit Plus Play

People attending PM&L's "The Far Country," Friday and Saturday evenings, Feb. 9 and 10 will have a double treat in store for them. There will also be an exhibit at the PM&L theatre which should be of interest to the connoisseur collector. The display will feature water-colors of the Dutch Painters, Ant Smith, also oils of other European contemporary artists.

This show is geared to stimulate the imagination and satisfy the color sense of every onlooker and will be enjoyed by all interested in today's new trends in art.

Nancy Seyfarth of Rudolph's Art Gallery in Grayslake will be available at intermission for discussion on any of these paintings.

MYF Chicken Dinner Scheduled Feb. 17

An old fashioned country-style chicken dinner will be served Feb. 17 at the Antioch Methodist Church, from 5 to 7 p.m.

The dinner is sponsored by the MYF and proceeds will go toward the religious, social and community works done by this group throughout the year.

Only 200 tickets will be sold and these will be available from all MYF members, at the church office, or at the door.

The menu includes: half a baked chicken; baked potato supreme; buttered string beans; cranberries, rolls and butter, and apple pie.

For further information call Mrs. John Laude at 395-4138.

James L. Chandler New Scout Executive

E. A. Sechwehel, Scout Executive of the North Shore Area Council, announced the appointment of James L. Chandler as Assistant District Executive effective Feb. 15.

Mr. Chandler will serve as an Assistant District Executive in the Northwest District and brings to the Council a broad background in Scouting and education. He will attend the Executive's Institute at the National Training Reservation in New Jersey in April for additional professional training, and will serve this summer as Camp Director of the East Camp at Camp Ma-Ka-Ja-Wan.

Appointment To Naval Academy Possibility For Russell W. Swim

Congressman Robert McClory (R-Lake Bluff) announced the nomination of Russell Wayne Swim, son of Mr. and Mrs. Kenneth Wayne Swim, Rt. 1, Antioch, for appointment to the United States Naval Academy at Annapolis, Maryland.

Russell is a senior at Antioch Community High School where he has established a creditable scholastic record. He is a member of the National Honor Society, the Bio-Chem-Ics (Science) Club, and the Junior Engineering Technical Society (JETS).

The Antioch youth is competing with five other nominees for the single appointment to the Naval Academy which Congressman McClory is authorized to make this year.

Other nominees are: Richard N. Swanson, Libertyville; James Stohm, Waukegan; John Cudahy, Lake Villa; Daniel French, Highland Park; and Keith Baker, McHenry.

Swim is one of six children and has a sister, Karen who is a junior at Antioch High School and three brothers and sisters who attend Grass Lake School.

Recital At Music Center February 11

One of America's most distinguished piano teachers and talented performers, Dr. Walter Robert, will perform in a Sunday afternoon recital of the Music Center of Lake County.

His recital is free to family members of the not-for-profit community music and arts school. There will be a small charge for non-family members.

The concert will be at 4:00 p.m., Feb. 11 at the Music Center of Lake County, 1917 N. Sheridan Rd., Lilac Cottage, Bowen Park, Waukegan.

A distinguished professor of piano at the University of Indiana, he will play Variations on "Come un agnello" by Mozart, Sonata in F sharp minor, op. 2 by Brahms, Fantasy, a composition composed by Robert Christensen, director of the Music Center, and Ballade in F minor by Chopin.

This will be the second appearance of Dr. Robert in two years.

Symbol of Better Health

Rx Stands For Prescriptions

There are many theories regarding the origin of the symbol, "Rx". One claims that it is an abbreviation of the Latin word "recipe". Whatever its origin, the "Rx" today symbolizes the prescriptions that help us attain better health, longer life.

Past Week's Weather

(Continued from page one)

1.68" of precip. and 10.3" of snow.

So now for February and the last half of winter. The record high of 59°F on Feb. 15, 1954 was challenged on the 1st with a 49°F. The low of 19°F on Feb. 2, 1954 remains to be seen. On Friday morning, Feb. 2nd (Ground Hog Day) we found ourselves blanketed with 2" of new snow and more coming. The wind was

stiff out of the Northwest and as I left for the train it looked like we were in for a good snow storm. The temp. was 27°F and dropping. And it didn't look like Mr. Ground Hog would even think of sticking his nose out this day. But in the afternoon the sun came out, whether he did, I guess will remain to be seen also.

At midyear 1967, the Veterans Administration had guaranteed or insured 6,890,744 home loans which totaled more than \$66 billion, and had disbursed 274,127 direct loans amounting to \$2.5 billion.

Chapter 735, Antioch By Sally Whitney

Forty-one members of the Women of the Moose were present at the Jan. 18 Chapter night program. Co-worker Shirley Rentsch received her chapter pin after attending three consecutive meetings.

Chairman of the Building committee of the Loyal Order, Ronni Poson, gave a report on the progress of the remodeling of the Moose Home. Even though the committee and the contractors have been plagued by many problems, both financially and the remodeling of an old building, they are making good progress. The Moose Home will be one to be proud of and a big thanks to Mr. Poson and his committee, for their fine work.

The following co-workers were placed on their respective committees: Mary Cechon and Sandra Sperling on Child Care, Bonnie and Ruth Tarhowski on Social Service, Virginia Noble on the Publicity committee.

Estelle Pahlke was hostess to the Hospital and the Publicity committees on Jan. 15. The joint meeting was held to make plans for their project, a Las Vegas party, to be held in May. Senior Regent Jerri Polson was a guest.

On Jan. 23 Jr. Graduate Regent Lillian Birdsall was guest Jr. Regent at the Green Cap Chapter Night at Cicero. The five officers, Jerri Polson, Rose Roth, Catherine Kloth, Bernie Rosquist and Erna Toft accompanied Lillian to Cicero. Gerry Mark of Antioch was one of the 25 Collegians in attendance.

Our popular Senior Regent was also a guest at the Jan. 24 meeting of the Membership committee at the home of Rose Kennedy.

Three new candidates were enrolled. Josephine Davis was sponsored by Lillian Birdsall. Cecelia Kuchler's sponsor was Doris John. Rose Marie Hadley sponsored Helen Jacobson.

The following co-workers received their chapter pins: Sandra Sperling, Ruth Tarhowski, Virginia Noble and Mary Cechon.

Tonight, Feb. 8, is Green Cap night at the Woodstock chapter.

The Child Care committee will meet at Mary Wilkin's home Feb. 14.

On Feb. 22 the Moose Haven committee will have a card party at the Moose Home.

Gerry Mark will put on a Style Show Feb. 24 for the Loyal Order. Modeling fashionable women's clothing will be MEN. Following the dance a smorgasbord will be served by the Women of the Moose.

An original oil painting by co-worker Bea Phillips has been donated to the Loyal Order.

Under the direction of Harry Brechen and Postmaster Joseph Wolf, members of St. Peter's Altar and Rosary Society helped assemble and prepare the packages for shipment.

A copy of The Antioch News supplement showing a reprint of pages in the January Postmaster's Gazette about Project Vietnam was included for each serviceman, also such items as combs, lighters, tooth paste, cards, candy, Koolado, bouillon, stationery and envelopes, wrist watch band calendars, paper backs, pop corn, pens and baggies.

The next mailing will take place in March and helps this time will be the PTA of Grass Lake School.

Minimum Warranties Set For Car Buyers

Editor's Note: Second in a series of three articles on the new Illinois Credit Reform Laws which protect the public against shady business practices.

Auto buyers in Illinois now have a law on the books setting forth minimum warranties on the purchase of new and used cars.

State Sen. Arthur R. Gottschalk, R-Flossmoor, said auto dealers are liable to the auto buyer for repair of "power train components" for a 30-day period from delivery date, except for damage caused by abuse or collision.

The 30-day warranty applies to all autos sold by licensed dealers in the state which are less than four years old. There is a sliding scale for the amount of dealer liability depending on the age of the car.

If the auto is not more than two years old, the dealer is responsible for 50 per cent of the repairs. If the car is between two and three years old, the dealer liability is 25 per cent; for cars between three and four years old, 10 per cent.

Power train components according to the new law, include engine block, head, all internal engine parts, oil pan and gaskets, water pump, intake manifold, transmission, including all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and all rear axle internal parts and rear wheel bearings.

Gottschalk said two important points should be kept in mind by auto buyers. "First, the new law does not mean the dealer is prevented from giving the buyer a broader warranty," he said. "Also, if the auto is sold 'as is,' and the sales contract is stamped accordingly, the law will not apply to the purchase. If a buyer wants to be protected by the statutory warranty, he should refuse to buy his car 'as is.'"

Merchandise which is repossessed from someone who defaults on payment of his credit installments, as of Jan. 1, 1968, may not be intentionally resold by the merchant in a way to increase the deficiency the buyer must pay. Under the old law, a few unscrupulous merchants resold the repossessed goods with the effect of boosting the deficiency owed by the seller who defaulted, Gottschalk explained.

A new 30-day waiting period has been established, before a creditor can attempt to collect the amount owed from the husband or wife of the creditor. In the past, the creditor could dun the husband or wife of someone signing a credit obligation immediately. Now the creditor has to wait until the purchaser falls behind at least 30 days in payments.

The 30-day waiting period, however, does not apply to food, clothing, furniture and other necessities.

New strict procedures govern a creditor or collection agency contacting an employer about a worker's debts.

Two conditions must be met before it's legal for someone to go to your boss. And if any of these two con-

Indian Point Burial Mounds Found In 1932

Antioch News has received a note from Mrs. Doris Caple of Rt. 1, Antioch, regarding our recent story about Stephen Young and his finding of a skeleton in the yard of a home off Ackerman Road six years ago.

Mrs. Caple writes: "The Indian burial grounds at Indian Point were unearthed by Joseph Anginger and Jim Caple, while running the Ackerman dragline machine and widening the road (now known as Ackerman rd.) near the Anzinger property. The skeletons had perfect sets of teeth and were given to a Mr. Nichols for a Chicago Museum. Mr. Nichols had a summer home on Indian Point at the time.

"The Indian burial grounds were found about 36 years ago (not just 6 years ago) as claimed by Mr. Stephen Young of Lake Marie."

From what we can gather, there have been several burial mounds discovered in the Indian Point area, and the one Mr. Young found was in the back yard of a home on Indian Point, at a later date.

Currency Exchanges Support Fund Drive

More than 500 currency exchanges throughout the metropolitan Chicago area are offering a free money order service to March of Dimes contributors. In announcing the service, Currency Exchange Institute President Louis Spilberg indicated that those wishing to donate to the March of Dimes fight against Birth Defects should visit their neighborhood exchange for a free money order in the amount of their donation.

The service, which will continue through the end of February, was designed by the Institute to help increase contributions to the March of Dimes.

"We of the Institute," commented Spilberg, "welcome the opportunity to provide this service for the March of Dimes, and anticipate an increased collection because of the convenience of donating through a nearby exchange."

Funds donated through the new free money order service at the Currency Exchanges will support Chicago-area research grants at Children's Memorial Hospital, and the University of Illinois college of Medicine, and the local Birth Defects Center at Presbyterian-St. Luke's Hospital.

Sequoits Stun Grant Friday Win 71-67

Last Friday evening the Antioch Sequoits upset the highly touted Grant Basketball team at Ingleside. The final score was 71 to 67.

Playing their finest game of the season, the Sequoits proved from the start that Grant was in for a bad evening. The teams exchanged baskets till the score was 6 to 6, then the Sequoit superior rebounding started to show. At this point, the Sequoits opened up a 16 to 11 lead and as the quarter ended, the Sequoits enjoyed an 18 to 15 advantage.

In an excellently played second quarter by both teams the Sequoits and Bulldogs exchanged points in rapid

fire. The entire Sequoit team contributed to the scoring, seven players in all, with Lee Oler and Steve Spencer the big guns for Grant. As the half ended, each team headed for the locker room with the score tied 38-38.

Steve Owens and Rodney Boswell did a brilliant job on the boards, rebounding for the Sequoits with great regularity. Steve Miklausch was playing a real strong, steady, all-round game. With the first half history, it was obvious that the Sequoits were playing with great determination and hustle; they wanted this game. Grant was being out-rebounded for the first time this year and the slick passing of the Sequoits while on offense was bewildering to the Grant defense.

In the first three minutes of the third quarter, the two teams exchanged points, but at this stage of the game, the Sequoits exploded. The score was 45 to 43 in favor of the Sequoits, the next 10 points were scored by the Antioch

Squad. Steve Miklausch and Tony Barnett scored for the Sequoits, Steve hitting 3 baskets and Tony 2 baskets, the lead now was 12 points, 55-43 in favor of the fighting Sequoits. The Grant offense was stopped cold by an aggressive, hustling, scrapping Antioch defense. Oler was the only scoring threat, as Grant could manage only 9 points, while the Antioch Sequoits scored 21 points in the third quarter.

In the fourth quarter Grant went into a full court press, but this adjustment wasn't effective till the last four minutes. The Sequoits still enjoyed a ten point lead with 4:20 left on the clock. With 2:42 left the score was 64-60. At this point Bill Blecke sank a free throw for 65-60 lead, then Oler hit two baskets to narrow the elad to 65-64. At the 1:21 mark, Blecke was at the line again. He sank two free throws for a 67-64 Sequoit lead. As the time moved on, Koenig, for Grant, made a basket and free with only 33 seconds remaining to tie the score. After the inbounds pass from Miklausch to Boswell, Boswell passed back to Miklausch, who dribbled the remaining distance for a lay-up basket, score 69-67 Antioch, with only 24 seconds left on the clock. Grant worked the ball down court, but couldn't get the ball to Oler. With six seconds left, Steve Spencer was charged with an offensive foul, Antioch's ball with only six seconds remaining and a two point lead. After a time-out for some team planning, the Sequoits put the ball in play to Blecke who was fouled with two seconds to go in the game. Bill stepped up to the line and sank both free throws for a sure Antioch victory, 71-67.

This game was the upset of the season in the Northwest Suburban Conference. A real team victory for the Antioch Sequoits, as they played without the services of two regulars. Bill Smith has an eye injury. The injury is healing and Bill should be back in action in another week or so. Dave Camp, the other regular, is out with an injured foot. He should return for action this week.

To single out any one player for this outstanding game would be a mistake, but three boys really did a great job. Steve Miklausch with all-round greatest, Steve Owens with perfection on the boards as he lead the team in rebounding with 17, and Bill Blecke for some fine rebounding and clutch free throw shooting to preserve the lead and then ice the game with only seconds remaining.

"It was a real pleasure to watch the boys really give it the all out effort, not just one or two of them, but the whole team. It was terrific, just terrific," stated Coach Andrews. "The team used their zone defense to perfection and oh, how they rebounded — beautiful. This team is coming of age—just in time for the tournament. It couldn't have worked out better," added Coach Andrews.

ECONOMY

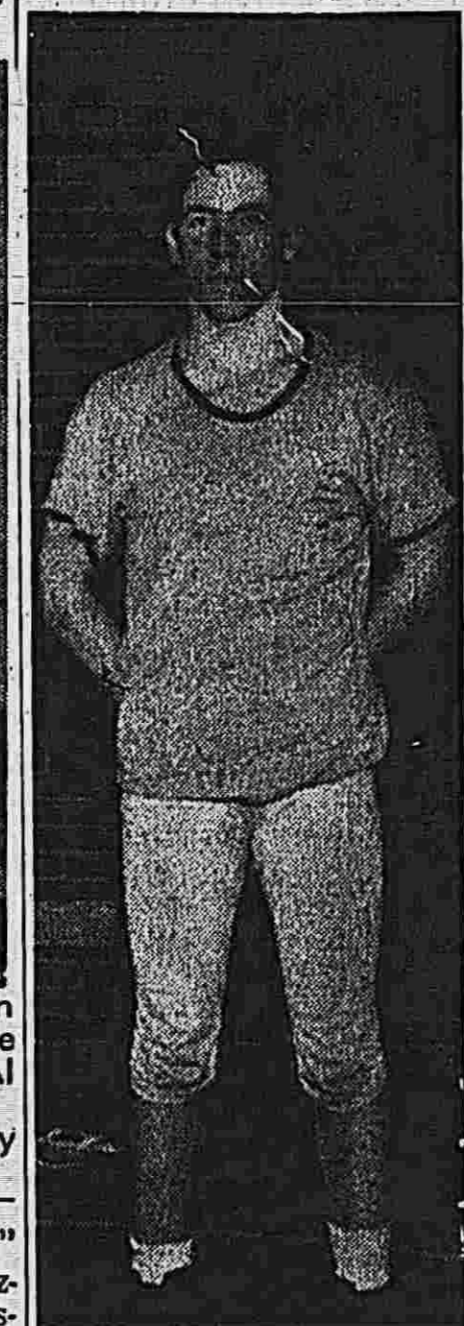

There once was a clever Italian, Who thrift-wise deserves a medalion; He sold Spain on 'expand', Proved the earth convex and, Got three thousand miles to the galleon.

Don Gaa
"Don Gaa, a junior at 154 lbs. has done an average job for the team this year. He is a step away from being a really good wrestler, but has lost a little of his confidence. As soon as Don regains it, he will become a wrestler that will be hard to beat. We expect a lot out of Don in the future," stated Coach Andy Hauptman.

Terry Triplett
Terry Triplett is a sophomore at 138 lbs. Terry has only been defeated twice this year and has a record of 13 wins and 2 losses. Coach Andy Hauptman said: "In the weight class that he is wrestling in, this is an outstanding feat for an underclassman. I feel that Terry has a great future ahead and is a potential candidate for tournament matches down-state in the future."

Bob Weeks
Bob Weeks, a Junior weighs in at 145 lbs. "Bob has not really come into his own, as yet," stated Coach Hauptman. "We are hoping that Bob can build up the confidence that he needs, and if he does, can become a very good wrestler. We are hoping that next year will be his year and can pick up the slack when the seniors graduate. One advantage that Bob has is that he will return at the same weight class next year."

Charles Hollacker
Charles Hollacker, heavy-weight and a Junior is probably the most improved wrestler in the wrestling room. He has not reached his potential yet," said Coach Hauptman, "but has already developed into an outstanding heavy weight. Charlie has lost some weight and this has helped him in being able to move quicker and to perform different wrestling movements better. We expect a great deal from Chuck next year, not only as a good wrestler, but he is also a straight "A" student.

Coach Rodger Andrews presents award to Janet Pachay, "Miss Basketball of Antioch High School."

Sophs Lose Tough One To Grant 44-41

After a cold-shooting first half in which the Antioch sophomores were outscored 27-15 by Grant's sophomores on the opponents' floor Friday night. They came back in the second-half to outscore Grant 26-17 and lost by a narrow margin, 44-41, to the conference title contenders.

Scoring honors for the game went to Antioch's Romaine and Grant's Berreiter, each with 15 points. Defensive stand-out was Ross Houle who held Grant's Taylor, a high-scoring forward, to three points.

McHenry Club Shoot Feb. 11

The McHenry Sportsmen's Club will mark the anniversary of Illinois' own great Abraham Lincoln, on Sunday, Feb. 11, with the emancipation of a big pile of young fryers, in one of their "by popular demand" 3 for a Buck Chicken Shoots.

By plunking down his \$1 entry fee, a shooter can bag three chickens by making the highest score in a five-man squad; or, if he depends upon luck as much as skill, he may compete in the Double White Bird Shoot, in which the lucky nimrod gets a chicken for each white bird he knocks down, plus a chicken for making the high score. Or he may sign up for the Hi-Lo-White Bird Shoot and get a chicken for making the lowest tally; or a chicken for the highest count, plus one for the white bird.

In a white bird shoot a white target is released from the trap at unknown intervals. The trap operators cannot see the shooters, and so are unaware of their identity. This precludes any chance of favoritism or connivance. Regular targets are black and yellow. If a white target is missed, another is thrown until the requisite number are shot down. Blunder-bussers who prefer red meat may shoot for tender-aged JoPat steaks.

Those who prefer the traditional observance of the great man's birthday will find mauls, wedges, and logs, left over from last year's celebration.

Shells and hot refreshments will be available in the warm club house. Watchers are welcome, too. Watching and shooting start at 11 a.m. The McHenry Sportsmen's Club is on the west side of Pistakee Bay, and may be reached from the east via Route 134 Big Hollow Road, to its western terminus, then a right turn. From McHenry, north on Chapel Hill Road to Adams Repair Shop, then a right turn to the "Y" and a left. From Johnsburg, south across the Fox River to Adams shop and a left turn to the "Y."

Walter Stein

Walter Stein Retires From Quaker Ind.

Walter Stein is retiring from Quaker Industries after working for the company for 28 years.

He was hired as an assembler and worked his way up through the ranks and became Plant Production Superintendent.

Born in Germany, he came to this country in 1925 and has been a resident of Kenosha.

Following his retirement he will travel and plans to spend four months in Germany.

Bob Hanaman Promoted By Quaker Ind.

Robert C. Hanaman has been promoted and will now replace Walter Stein as Plant Production Superintendent at Quaker Industries.

Hanaman started working for Quaker in July 1958 as an experimental worker in the Maintenance Department.

A native of Beloit, Wisconsin, he graduated from the local high school where he excelled in athletics. He formerly worked for Fairbanks-Morse Co. in Beloit. He has taken many management courses at the University of Wisconsin Extension School, is married and resides in Gurnee, Ill.

Six-Cent Stamp A Real Bargain

"It's still one of the best bargains in the world."

That's what Postmaster Joseph Wolf said today about the six-cent stamp, and he recounted some interesting facts and figures from postal history to back up his claim.

Even though the five-cent letter rate has suffered the same fate as the nickel cigar, first-class postage is cheaper today than it was in many bygone eras when a few pennies meant much more than they do today, Wolf said.

In 1816, for instance, a single sheet letter cost six cents for delivery up to 30 miles. More sheets and more miles cost more money. A letter going 400 miles cost 25 cents per sheet.

In those days the recipient had to pay the postage, not the sender. And if the letter was actually delivered to the recipient, rather than picked up at the post office, there was an extra charge that was kept by the carrier.

It wasn't until 1855 that the sender was required to pay in advance for mail, Wolf said.

Uniform rates regardless of distance and free city delivery were written into the postal law books in 1863. When distance was dropped as a factor in computing rates, so was the practice of charging per sheet. The basic unit for letter postage became a half ounce in 1863. The basic unit of one ounce that still prevails today went into effect in 1885.

Turning to more recent history, Wolf pointed out that the 100 per cent increase from 3 cents to 6 cents in first-class postal rates since 1932 compares very favorably with general increases in prices and wages.

General consumer prices have gone up about 200 per cent since 1932 and the average hourly earnings of manufacturing workers have risen by about 550 per cent, Wolf said.

"Back in 1947 the letter rate was still three cents and everyone agreed that was a good deal. Since then the family income has gone up about 175 per cent while the cost of mailing a letter has increased 100 per cent. If letter postage was worth three cents in the 1940's, in terms of today's dollar it's worth more than six cents," Wolf said.

Wolf estimated that the increase in postal charges that went into effect January 7 will add only \$2.25 a year to the \$16 the average household spent on postal services under the old rates.

Despite the great distance many letters must travel in the United States our postal rates are lower than in most other major countries, particularly when based on ability to pay, Wolf declared. He said the average American worker earns the price of a six-cent stamp in 1.3 minutes. It takes the average British worker 2.5 minutes to earn letter postage, the West German worker 2.7 minutes and the French worker 5.6 minutes.

Wolf said the higher postal rates mean that a greater share of the cost of running the Postal Service will be borne by the users of the mails rather than the taxpayer.

"The costs of running the Postal Service must be paid," he explained. "What isn't paid by mail users in postage

Disc Jockey Skit Wins 1st In Show

By Fran Reeder

Antioch Community High School's Talent Show started out with a bang! M.C. Marty McConahay was full of good humor and fun as he introduced each one of the acts.

First on the agenda was Deb Zeason, wearing a sharp yellow slacks suit with black stripes. Deb sang two folk songs—numbers accompanied by Kerrie Ellis on the guitar. They were good—and received a loud round of applause. Mary Ellen Osmond and Janet Pachay were on next with their spoof skit of two Disc Jockeys conducting a program. It was fun from start to finish—as they switched from their three phones to the two record players—and in between they came up with some terrific commercials. Coach Roger Andrews was mentioned in the skit. They discussed how he had been asked to say a word at a meeting and "he blew the whistle and said 'terrific'."

Dressed in a splashy hostess gown Pat Lombardo came on stage, and with her lovely voice, sang "Born Free" and "Tonight." Her accompanist was Gary Doolittle who certainly knows how to play the piano.

Sophomore Pam Guardi came on next in a beautiful black sequined dancing outfit and did a terrific job with a jazz dance number.

Eve January was next and played a beautiful piano solo, a theme from "Exodus."

Kerrie Ellis came on next, alone, with her guitar. She was barefoot and wore flowered slacks as she sang two folk song type numbers, "House of the Rising Sun"

and "Catch the Wind." She received loud applause and the high school kids loved her.

Glen Morgan came on as "Buzzy the Clown," and the girls in the front row had some good giggles over his costume. He wore tattered overalls, a checkered shirt, and had a comedy button pinned on his overalls. Glen did a professional job of imitating ballet dancers (strictly comedy) and made a hit singing "There's Always a Joker in the Pack."

The program came to an end with a musical number "The Roots of Evil" featuring Randy Erickson, Ron Stewart and Roland Van Empel. These boys were terrific. Randy wrote the first song they played—"Fields of Plastic Flowers," and I'd recommend it for a hit. The boys had good voices—their guitar playing was excellent and Roland at the drums was sensational.

Then came the big moment—the judges' decision. First prize was a cash award—and second and third were pizzas. The winners of the first prize were Janet Pachay and Mary Ellen Osmond for their skit on the disc jockeys.

Second place was voted a tie between "The Roots of Evil" (Randy Erickson, Ron Stewart and Roland Van Empel) and Pat Lombardo with accompanist Gary Doolittle.

The high school audience was attentive and well behaved and loved every minute of the show. Too bad more of the town people couldn't have enjoyed this afternoon of wonderful talent!

Marty McConahay, Master of Ceremonies, presents first prize (cash award) to Janet Pachay and Mary Ellen Osmond for their winning Disc Jockey Skit in the Antioch Community High School Talent Show on Feb. 2.

Pat Lombardo and Gary Doolittle receive 2nd place tie award from McConahay.

"The Roots of Evil," Roland Van Empel, Ron Stewart and Randy Erickson receive their 2nd place tie award from Master of Ceremonies of Antioch High School Talent Show.

Quaker's "Iron All-Butler" Makes Debut

Antioch's Quaker Industries has a new product that they are introducing this year! The "Iron All Butler" is a laundry helper designed to organize ironing work loads.

The Iron-All has two large shelves 19" x 18" to hold and air flat work. Deluxe 5 1/2" wheels and 2 1/2" directional casters are provided for easy mobility from work to storage room. Space is also available on the Iron-All for holding ironed garments on hangers.

It has a new silhouette design and folds flat for compact storage.

Other products being featured by Quaker are Laundry Carts, Shopping Carts, Ironing Butlers, and Space Saving Metal Folding Dryers.
